

# Markdown template example (pdf)

When using **markdown template**, it is possible to export output as PDF.

See [rendering of this file here](#) and [original template source here](#).

## Plugins

You can customize your template with both markdown plugins and SVG plugins like below:

### [Rss feed from Hacker News](#)

- [Google fined €100M by Italian antitrust over Google Play abuse of dominance](#)
  - *Published on 13/05/2021*
